

FAA Safety Team, EA-63 FSDO presents:

EAA 1310 Autumn Fly-IN and FAA Safety Team Seminar

Recent National Transportation Safety Board NTSB and Federal Aviation Administration FAA studies that feature some interesting findings with respect to pilots and medications. Is there a problem with flying while taking medications and is there a problem with taking multiple drugs? What about self medicating with Over The Counter Medications, are they safe? What is the risk? We will review some accidents that were linked to flying while impaired. Finally we will offer some tips for safe flying while on medication. Let's learn from the mistakes of others! COFFEE and DONUTS at 09:30 and a COOKOUT to follow seminar! Check out the new runway! Click on the link below to register TODAY.

Directions: Skylark Airpark is located 1/2 mile south of the CT-RT 140 intersection on Wells Rd. Event is held in the EAA hangar. Airport NOTAM: Runway and Ramp, New Pavement, No markings, 3,500 X 60 feet. RW 10 Displaced 600 feet, RW 28 Displaced 175 feet.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
